

JEB Incubator – Style Guide

This style guide describes the **visual identity and design rules** of the **JEB Incubator** website. Your experience depends on how you apply the styles to each component:

Component Type	Description
 Colors	Core brand palette
 Typography	Fonts and text styles
 UI Elements	Buttons, links, and cards
 Responsiveness	Adaptability across devices

1. Colors

1.1 Core Palette

These are the primary colors of the website. Use them consistently for backgrounds, accents, and highlights.

Color Name	Hex Code	Usage
 Sweet Pink 1	#F18585	Primary buttons, key call-to-actions
 Sweet Pink 2	#F49C9C	Hover states for buttons
 Sweet Pink 3	#F6AEAE	Secondary highlights, icons
 Blush	#F8CACF	Backgrounds, cards
 Lilac Mist	#EED5FB	Secondary backgrounds
 Soft Violet	#E4BEF8	Borders, subtle accents
 Lavender	#D5A8F2	Links, small call-to-actions
 Iris	#CB90F1	Active states, tab highlights
 Plum Accent	#C174F2	Important text highlights

✨ **Key Rule:** Use the darker shades (F18585, C174F2) for action elements and lighter shades (F8CACF, EED5FB) for backgrounds.

2. Typography

***Note:** The brand uses two fonts to ensure clarity and hierarchy.*

2.1 Titles

- **Font:** Montserrat
- **Weight:** Bold (700)
- **Color:** Default #C174F2 (Plum Accent)
- **Usage:** Page titles, section headers

2.2 Body Text

- **Font:** Open Sans
- **Weight:** Regular (400)
- **Color:** Default #333333 (or near-black for readability)
- **Usage:** Paragraphs, descriptions, tooltips

2.3 Hierarchy

Text Type	Font	Size	Style
 H1	Montserrat	32px	Bold, uppercase
 H2	Montserrat	24px	Bold
 Body	Open Sans	16px	Regular
 Small Text	Open Sans	14px	Regular, muted

Action: Always keep enough contrast between background and text for accessibility.

3. UI Elements

3.1 Buttons

State	Background	Text Color	Border
 Primary	#F18585	White	None
 Hover	#F49C9C	White	None
 Secondary	#EED5FB	#C174F2	1px solid #C174F2

Rule: Rounded corners (8px), medium padding, Montserrat Bold for labels.

3.2 Links

- **Color:** #CB90F1 (Iris)
- **Hover:** Underline + darker #C174F2
- **Font:** Open Sans Regular

3.3 Cards

- **Background:** #F8CACF (Blush)
- **Border Radius:** 16px
- **Shadow:** Soft, subtle (0 2px 6px rgba(0,0,0,0.1))
- **Title Font:** Montserrat Bold
- **Body Font:** Open Sans Regular

4. Responsiveness

 **Note:** The website is fully responsive. Always test components at multiple screen sizes.

4.1 Breakpoints

Device	Width	Adjustments
 Mobile	≤ 480px	Stack elements vertically, enlarge buttons
 Tablet	481–768px	Two-column layout where possible
 Desktop	≥ 769px	Full layout, three-column grids

4.2 Scaling

- Text and buttons should scale proportionally.
- Maintain at least 16px font size on mobile for readability.

5. Accessibility

- Ensure **contrast ratio** of at least 4.5:1 for text.
- Provide **hover and focus states** on all interactive elements.
- Keep **alt text** for all images.
